

Destined to become a classic

It's simple: You want to know whether Tundra has the guts—the size, strength, stamina and sheer capability—to do the work you need done. The work of a true, full-size truck. Offered with an available 381-horsepower 5.7-liter V8 engine, the new Tundra is no ordinary ½-ton, it's destined to become a classic.

Like Our Symphony Partner

The Symphony's most incredible season ever awaits. Our 'classics' are going bolder, the music is getting hotter - and dare we say 'a little hip' as our new Maestro takes the baton

**WHO WILL IT BE?
ANNOUNCEMENT COMING SOON.**
