JUST RELEASED Fourth Building • \$259,900 to \$359,900

ISLANDIA • NAPLES

Islandia is 155 acres of natural Florida landscape with two serene lakes and 50 acres set aside for winding walking paths through the woods. Only 28 privileged homeowners will enjoy very low density – with less than one home for every five acres. Bordering prestigious Naples National Golf Club on the North. Islandia's location provides easy access to everything that the area has to offer—restaurants, shopping, cultural venues, and medical facilities. Islandia is the perfect home, in the perfect location, for those who consider privacy far more of a necessity than luxury. Priced between \$3.9 - \$10 Million.
