HOROSCOPES

LEO (July 23 to August 22)

A colleague might try to goad you into saying or doing the wrong thing. It's best to ignore the troublemaker, even if he or she riles your royal self. Your supporters stand with you.

VIRGO (August 23 to September 22)

Be careful not to let your on-the-job zealotry create resentment with co-workers who might feel you shut them out. Prove them wrong by including them in your project.

LIBRA (September 23 to October 22)

Although it's not quite what you hoped for, use your good business sense to make the most of what you're being offered at this time. Things will improve down the line.

SCORPIO (October 23 to November 21)

A more positive picture of what lies ahead is beginning to take shape. But there are still too many gaps that need to be filled in before you make definitive plans.

SAGITTARIUS (November 22 to December 21)

Continue to keep a tight hold on the reins so that you don't charge willy-nilly into a situation that might appear attractive on the surface but lack substance.

CAPRICORN (December 22 to January 19)

You still need to demand those answers to your questions. Remember, your wise counseling earns you respect, but it's your search for truth that gives you wisdom.

AQUARIUS (January 20 to February 18)

You'll find people are happy to help you deal with some difficult

situations. And, of course, knowing you, you'll be happy to return those favors anytime. Won't you?

PISCES (February 19 to March 20)

Give that special someone in your personal life a large, loving dollop of reassurance. That will go a long way toward restoring the well-being of your ailing relationship.

ARIES (March 21 to April 19)

This week could offer more opportunities for ambitious Lambs eager to get ahead. But don't rush into making decisions until you've checked for possible hidden problems.

TAURUS (April 20 to May 20)

Some light begins to shine on professional and/or personal situations that have long eluded explanation. Best advice: Don't rush things. All will be made clear in time.

GEMINI (May 21 to June 20)

Although you might want to protest what seems to be an unfair situation, it's best to keep your tongue and temper in check for now. The full story hasn't yet come out.

CANCER (June 21 to July 22)

Work prospects are back on track. But watch what you say. A thoughtless comment to the wrong person — even if it's said in jest — could delay or even derail your progress.

BORN THIS WEEK:

You are a delightful paradox. You like things neat and tidy. But you're also a wonderful host who can throw a really great party.
