HOROSCOPES

■ **VIRGO (August 23 to September 22)** Relationships — personal or professional — present new challenges. Be careful not to let a sudden surge of stubbornness influence how you choose to deal with them.

■ **LIBRA (September 23 to October 22)** You might need more facts before you can decide on a possible career change. But you should have no problem making a decision about an important personal matter.

■ **SCORPIO (October 23 to November 21)** You're respected by most people for your direct, no-nonsense approach to the issues. But be careful you don't replace honest skepticism with stinging sarcasm.

■ **SAGITTARIUS (November 22 to December 21)** A newly emerging situation could require a good deal of attention and some difficult decision-making. However, close friends will help you see it through.

■ **CAPRICORN (December 22 to January 19)** Family matters need attention. Check things out carefully. There still might be unresolved tensions that could hinder your efforts to repair damaged relationships.

■ **AQUARIUS (January 20 to February 18)** Of course you deserve to indulge yourself in something special. But for now, tuck that bit of mad money away. You'll need it to help with a looming cash crunch.

■ **PISCES (February 19 to March 20)** A temporary setback in your financial situation is eased by chang-

ing some of your plans. You'll be able to ride it out quite well until the tide turns back in your favor.

■ **ARIES (March 21 to April 19)** This is a good time for the usually outspoken Lamb to be a bit more discreet. You still can get your point across, but do it in a way less likely to turn off a potential supporter.

■ **TAURUS (April 20 to May 20)** Good news: All that hard work you put in is beginning to pay off. But you need to watch that tendency to insist on doing things your way or no way. Be a bit more flexible.

■ **GEMINI (May 21 to June 20)** You might want to delay making a decision on the future of a long-standing relationship until you check out some heretofore hidden details that are just now beginning to emerge.

■ **CANCER (June 21 to July 22)** Your reluctance to compromise on an important issue could backfire without more facts to support your position. Weigh your options carefully before making your next move.

■ **LEO (July 23 to August 22)** This is a good time for ambitious Leos or Leonas to shift from planning their next move to actually doing it. Your communication skills help persuade others to join you.

■ **BORN THIS WEEK:** You have a gift for understanding people's needs. You have a low tolerance for those who act without concern for others.
