

WIRELESS CAPITAL WILL GIVE YOU CASH FOR YOUR MONTHLY CELLULAR SITE LEASE, ALL IN ONE LUMP SUM.

**CASH THAT YOU CAN TAKE ADVANTAGE OF TODAY,
OR INVEST, OR USE FOR THAT SPECIAL PROJECT.**

Don't settle for a little money each month from your cellular site lease. At Wireless Capital, we buy cellular site leases for cash today. Cash that leaseholders can use for important projects, paying bills, or investing for the future. Often our customers are part of an organization, like Alex Smith. He's a member of a Masonic organization in Florida that focuses on helping their community, granting scholarships to deserving kids, distributing Thanksgiving and Christmas baskets, and participating in Toys for Tots. Alex, and his organization had been planning to build a new multi-purpose building, but they needed to raise money to get things moving forward.

That's where we came in. We bought the cellular site lease on their property, providing them with a lump sum of cash. Cash Alex and his organization used to hire an architect, and start the permit-application process. "If the service we received were graded, I'd give it an A+," Alex says. Thanks Alex, we enjoyed working with you, too.

**Turn your cellular site lease into capital.
