

WIRELESS CAPITAL WILL PROVIDE CASH TO REPLACE YOUR MONTHLY CELLULAR SITE LEASE, ALL IN ONE LUMP SUM.

**CASH THAT YOU CAN TAKE ADVANTAGE OF NOW,
OR INVEST, OR USE FOR A SPECIAL PROJECT.**

Your cellular site lease pays you month-to-month, over time. We'll pay you now. At Wireless Capital, we buy cellular site leases for cash. Helping leaseholders turn income into wealth. Allowing them to use the money now, invest in other things, or save for the future. Like Marc Davis, of Florida. He and his business partner help credit-challenged folks buy a car. "Buy here, pay here," it's called. They had a cellular site lease on their property. But the month-to-month income was more trickle, than stream.

"I'm 58 years old," Marc explains. "There was about 25 years left on my lease, and I would rather be spending the money, now." So he began looking into selling the lease. After talking to our people, he went with Wireless Capital. And while we don't like to brag, we thought the transaction couldn't have gone smoother. And Marc and his business partner agree.

**Don't settle for a little month-to-month income,
turn your cellular site lease into capital you can
use now. Call Wireless Capital at 877-706-2111.**
