

WIRELESS CAPITAL WILL PROVIDE CASH FOR YOUR MONTHLY CELLULAR SITE LEASE, ALL IN ONE LUMP SUM.

**CASH THAT YOU CAN TAKE ADVANTAGE OF TODAY,
OR INVEST, OR USE FOR OTHER IMPORTANT THINGS.**

Don't settle for a little money each month from your cellular site lease. At Wireless Capital, we buy cellular site leases for cash. Helping leaseholders turn income into money they can use now. So they can fund the things they need to do. Or invest for the future. That's how we met Mylika Morton, a church administrator in Florida. Her church has a cellular site on the property, but the month-to-month lease income didn't really free the church from its seasonal cash-flow worries.

So she looked into selling the lease. And she chose Wireless Capital. We were happy to buy their cellular site lease, for a nice lump sum. Giving the church the cash to free itself of some debt – and set some money aside, for leaner times, too. “Wireless Capital is just a great organization...” Mylika said afterward, “... just wonderful people to deal with.” Thank you Mylika. You made quite an impression on us, too.

**Turn your cellular site lease into capital.
