Get back to the life you love!

At Lee Memorial Health System, you'll find a skilled team of professionals to help you get back on your feet again after a broken bone, sports injury or chronic arthritis.

LMHS' orthopedic programs are designed to get you back to your normal activities as soon as possible, whether it's spending time with your grandchildren or playing a round of golf on the weekends.

Throughout all of our areas, skilled surgeons work closely with nursing staff and therapists to form a health care team that cares and communicates effectively with both you and your family.

At Lee Memorial Hospital and Southwest Florida Regional Medical Center, specialized orthopedic nursing units provide expertise on the specific needs of our orthopedic patients. Our nurses, nurse practitioners and physical and occupational therapists have received specialized education in orthopedics and orthopedic certifications.

We offer a continuum of patient care that's unmatched by other hospitals. We offer a wide range of patient care services including specialty areas such as Total Joint Replacement, Orthopedic Trauma, Sports Medicine, Pediatric Orthopedics and so much more.

Don't let continued pain interfere with your life any longer. Call one of one of the talented orthopedic surgeons who work with Lee Memorial Health System today.
