HOROSCOPES

LIBRA (September 23 to October 22) Some misunderstandings resist being resolved. But your sincerity in wanting to soothe those hurt feelings wins the day. By month's end, that relationship should begin to show signs of healing.

SCORPIO (October 23 to November 21) A hectic job schedule begins to ease just in time to blow off all that work-generated steam on Halloween. A family situation runs into an unexpected complication.

SAGITTARIUS (November 22 to December 21) A cutting remark in the workplace needs to be handled with finesse. Remember: How you respond could determine the depth of support you gain from colleagues.

CAPRICORN (December 22 to January 19) Once again, that Capricornian stubborn streak sets in and could keep you from getting much-needed advice. Fortunately, it lifts by week's end, in time to make an informed decision.

AQUARIUS (January 20 to February 18) A surprise trip early in the week could lead to other unexpected offers when you return. Word to the wise: Avoid talking too much about this until you've made some decisions.

PISCES (February 19 to March 20) Learning dominates the week for perspicacious Pisceans, who are always looking to widen their range of knowledge. A series of important job-linked commitments begins late in the week.

ARIES (March 21 to April 19) The high standards you set for yourself

don't always translate into the behavior you expect of others. That relationship problem can be resolved if you're more flexible and less judgmental.

TAURUS (April 20 to May 20) Not enough party bids to satisfy the Bovine's fun-loving side this week? Go ahead and throw one of your own. Then prepare for some serious work coming up early next week.

GEMINI (May 21 to June 20) A new and intensely productive cycle is about to kick in. Be careful not to get too stressed out, though. Make time to restore your energies by relaxing with family and friends.

CANCER (June 21 to July 22) This could be a good time to share some of your plans with those closest to you. Their comments could give you some added insight into how you might accomplish your goals.

LEO (July 23 to August 22) An attack of self-doubt might be unsettling for the usually super-assured Feline. But it could be your inner voice telling you to hold off implementing your plans until you've reassessed them.

VIRGO (August 23 to September 22) This is a great time for you to reward yourself for all your hard work by taking a trip you haven't spent months carefully planning, to somewhere you never thought you'd be going.

BORN THIS WEEK: Your sense of humor generates good feelings and good will everywhere you go.
