ARTHRITIS

Pain free in 2 weeks!

This is what happened to me personally. After suffering for years I desperately tried everything, drugs, natural products, physiotherapy, acupuncture, magnets and nothing was of any real help. Finally I had

relief in 2 weeks by taking shark cartilage that was specially processed to preserve the natural active ingredients. This is the kind we are now promoting. I realized then that there are over 50 million men and women that are battling the same illness and getting treatments that are not working well, otherwise we would not have this ongoing huge health problem. In the last 10 years we have helped tens of thousands of men and women to have less pain or no pain at all. This is a by-product of the food industry. No sharks are caught because of their bones/cartilage. **Nick A. Jerch, President**

We have real **EVIDENCE** that it works. On our web site you find over 100 testimonials with full names and towns. All 100% true. Skeptics may call them. Here are some examples: ■ **Doctor suggested knee replacement** after all his options failed with drugs and cortisone shots in knee and lower back. I recommend Bell Shark Cartilage to those **millions suffering needlessly** like I did for 40 years with arthritis in my knees. It's a shame that I was given drugs and injections all these years when a natural medicine could have spared me the endless torture day and night. *Pat Laughlin, Coldwater, ON* ■ **My hip is 95% pain free.** Pain killing drugs mask and Bell Shark Cartilage heals. *Rebecca Hite, Oroville, CA* ■ **I tried another brand and pain came back.** 2 weeks on Bell and pain is gone again. *Gert Dupuis, Hanmer, ON* ■ **Cancelled knee replacement.** I was in pain and limping. Have no more pain now. Can square dance for hours. *Anton Melnychuk, Porcupine Plain, SK.* ■ **For 32 years I cried barrels of tears.** Was in and out of hospitals costing society tens of thousands of dollars. I have taken many thousands of pills that nearly killed me. Finally 3 bottles of Bell Shark Cartilage costing less than \$100 stopped a lifetime of suffering without side effects. *Eleanor Sauson, Shigawake, QC* ■ **Others write:** Can walk again for hours...Climb stairs without hanging on to railing...First time in 15 years can sleep at night...**Rheumatoid pain** in joints down 90%, same for my sister.

Center for Laser Vision Correction receives 2009 Best of Fort Myers Award

For the second consecutive year, The Center for Laser Vision Correction has been selected for the 2009 Best of Fort Myers Award in the Physicians & Surgeons category by the U.S. Local Business Association.

The USLBA Best of Local Business Award program recognizes outstanding local businesses throughout the country. Each year, the USLBA identifies companies it believes have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Nationwide, only one in 70 (1.4 percent) 2008 award recipients qualified as 2009 award winners. Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USLBA Award Program focused on quality, not quantity. Winners are determined based on the information gathered

both internally by the USLBA and data provided by third parties.

Dr. Jonathan Frantz, medical director of Florida Eye Health, has been providing laser vision correction at the main offices of Florida Eye Health in Fort Myers since 1996 and offered the first on-site laser at his office in Naples in 1999.

In May 2008, Dr. Frantz took Laser Vision Correction to the next level by introducing iLASIK, a 100 percent blade-free LASIK technology that utilizes the Intralase laser to create the corneal flap, the critical first step in the LASIK procedure. The second step is reshaping the cornea with the excimer laser.

"iLASIK has brought LASIK surgery to a higher level of safety and precision for our patients," said Dr. Frantz.

For more information, visit www.bet-tlevision.net or call The Center for Laser Vision Correction at 791-2020 for a complimentary LASIK screening. ■

Retina Health Center offers genetic test to determine macular degeneration risk

Retina Health Center is now offering a genetic test to determine a patient's risk of developing age-related macular degeneration.

Researchers have identified a number of genetic markers that can predict the risk of an individual developing vision loss from advanced AMD. The saliva test, marketed by Canadian-based ArcticDX, was used for many of the risk genes.

"Early detection and treatment are critical in AMD patients," said Dr. Alexander

Eaton, owner of Retina Health Center. "This new test allows us to closely monitor patients who have a higher likelihood of developing the disease due to a family history or other risk factors."

This test is being offered on an introductory basis for \$399 in Retina Health Center's Fort Myers and Naples offices and can be done independently or as part of an overall macular degeneration evaluation. For more information, call 337-3337 in Fort Myers or (239) 793-5200 in Naples. ■
